

Church Bird House

www.craftybirds.com

Build a church bird house
with a metal roof and assorted designs.

Church Bird House Instructions

Material--

- 3/4 x 4 x 4" wood for two sides
- 3/4 x 5 x 6 1/2" wood for two ends
- 3/4 x 5 x 8" wood for bottom
- 1/2 x 6 x 2" wood for steeple
- 1/2 x 1 x 7" for front of bottom
- Cabinet door handle
- Ornament for front
- 1 1/4" finish nails
- 8 1/4 x 7" metal for roof
- 4--1" drywall screws

wire for hanging
ivory paint
gold paint

Tools--

Saw
7/8" drill bit
3/16" drill bit
Metal shears
Hammer

Instructions--

Paint steeple gold. Nail the steeple to front end, 3 1/2" above the roof peak.

Nail the 2 ends and 2 sides to the base and to each other. Nail the front piece to the bottom. Drill a 7/8" hole in the front end approx. 2 1/2" from the bottom. Paint the bird house with ivory paint.

Drill four 3/16" holes and cut slot with metal shears in metal roof per drawing. Install with four screws.

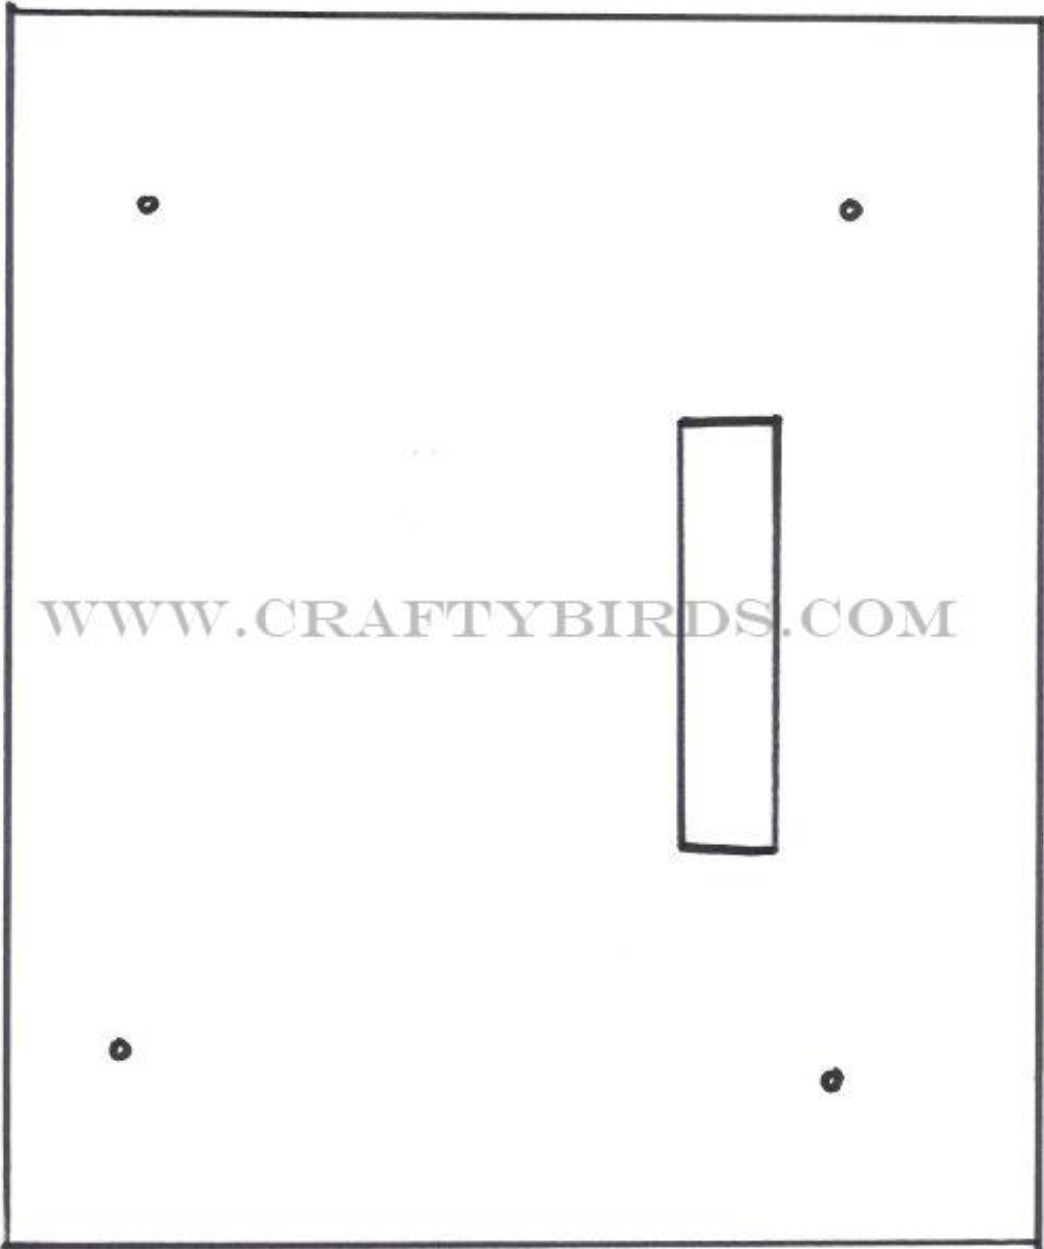

Install a cabinet door pull and any ornament of your choice.

Saw out cross from 1/4" wood. Paint white and nail it to the steeple.

Attach hanging wire to 2 diagonally opposite roof screws.
